PERSONAL INFORMATION

Full Name: Keletso Ramothibe
Contact Number: 0634648207
Email Address: keletsoramothe99@gmail.com
Date of Birth: 2005-01-26
Gender: Male
Home Language: Sesotho
Other Languages: English, IsiZulu, Setswana, Sepedi
Current Town/City: Germiston

PROFESSIONAL SUMMARY

Recent BSc IT graduate from North-West University with hands-on experience in full-stack development, SQL databases, and network troubleshooting. Built a C# desktop system and co-developed a Firebase web app during a campus hackathon. I am comfortable working across multiple programming languages, continuous learning through independent technical certifications, and translating technical solutions effectively. Seeking a junior IT/developer role in a setting where I can solve real-world problems.

SKILLS

- **Software & Programming:** Proficient in Python, C/C++, C#, Java, HTML + CSS, JavaScript, and SQL.
- **Web & Application Development:** Windows Apps and Web Development integrated with Database Management Systems.
- **Data Structures & Algorithms:** Strong foundation in Object-Oriented Programming (OOP).
- **Computer Networks:** Experience with network simulation, configuring routers, and switches using Cisco Packet Tracer.
- **IT Infrastructure:** Network and hardware troubleshooting.
- **Data & Machine Learning:** Foundational knowledge in MATLAB programming, data analysis, visualization, and Machine Learning concepts.
- **Mathematics:** Intro to Algebra & Calculus, and Discrete Mathematics.
- **Statistics:** Descriptive and Inferential Statistics principles.
- **Multilingual Communication:** Proficient in English, Sesotho, IsiZulu, and Setswana.
- **Collaboration & Problem Solving:** Proven ability to work under pressure and collaborate effectively in fast-paced environments, such as hackathons.

EDUCATION

North-West University

Bachelor of Science in Information Technology

2023 - 2025 | Completed

Major Courses Completed:

- Introduction To Computing And Programming (Python)
- Structured Programming (C++)
- User Interface Programming 1 (C#)
- Communication Skills
- System Analysis And Design 1
- Object Oriented Programming (Java)
- Apps And Advanced User Interface Programming (Windows Forms & Web development with DBMS)
- Information Security
- Data Structures And Algorithms (Java)
- System Analysis And Design 2
- Data Analytics (Excel Advanced)
- Artificial Intelligence
- Computer Networks (Cisco Packet Tracer)
- Databases
- Decision Support Systems 1
- Advanced Databases
- Decision Support Systems 2
- IT Development (FullStack System Development Project)
- Operating Systems

Lethukuthula Secondary School

National Senior Certificate

2018 - 2022 | Completed

Major Courses Completed:

- Accounting
- Business Studies
- Economics
- English FAL
- Life Orientation
- Mathematics
- Religion Studies
- Sesotho HL

PROJECTS

Awesome Athletics Club (AAC) Management System - North-West University

2025

I learned how to implement a layered architecture design principles in a desktop environment using Visual Studio 2022 as an Integrated Development Environment (IDE) to manage the project, design user interfaces, and debug code. I also utilized local database tools to design schemas and manage data

Role: Group Leader

Key Learning: I developed advanced skills in Object-Oriented Programming (OOP) using C# , front-end desktop UI design using Windows Forms , and writing secure, structured SQL queries for CRUD (Create, Read, Update,

Skills: Tools: Visual Studio 2022, .NET Framework / .NET Core, Windows Forms Designer, SQL Server. Skills: C# programming , GUI Design , Relational Database Management (DBMS) , Data Reporting & Validation.

NWU Exchange App - North-West University

2025

A convenient platform for buying, selling, and trading items between NWU students. Frontend-only web app built during the NWU Internal Hackathon using Firebase Studio.

Role: Group member

Key Learning: I learned how to streamline a project scope to deliver a minimum viable product under tight deadlines and how to manage client-side state without a traditional backend using Firebase and Vercel.

Skills: Tools: Firebase Studio , Vercel (for deployment) , Git/GitHub (for version control. Skills: Frontend Web Development, Cloud Database Integration , Rapid Prototyping, UI/UX Responsive Design.

AWARDS & SHORT COURSES

23 January 2026 Machine Learning Onramp - MathWorks

5 March 2026 MATLAB Onramp - MathWorks

20 June 2026 Java (Basic) - HackerRank
